

Heading: Sprint #2 Report, Blackboard, 05/6/24.

- Actions to stop doing:

- Instead of focusing on User Stories as a whole focus on specific delegated tasks
- Communicate and work together thoroughly on specific tasks instead of delegating an entire user story to a person/group
- Working individually and asynchronously

- Actions to start doing:

- Planning more work meetings for all of us to attend. So that everyone can learn from each other.
- Combine everyone into one strong unit addressing tinier tasks
- Identify tasks and delegate tasks more effectively
- Communication
- Follow up on missed meetings

- Actions to keep doing:

- We met up a lot during the first sprint not only for daily scrum meetings, but also online for general meetings to help each other. We think this is super beneficial and doesn't hurt to meet up more.

- Work completed/not completed:

Completed:

- "As a student, I want to see all my classes for this month so I can plan ahead [5]"
- "As a teacher, I want to teach new classes so I can share my knowledge [13]"

Not Completed:

- "As a student, I want to be able to sign up for classes so that I can learn more about that subject [10]"
 - Implement sign up for class screen (2) (buggy)
- "As a student, I want to learn more about this teacher's class so I can see if it aligns with my interests [8]"
 - Implement a screen that displays the details of the class after clicking on it from the calendar screen. (2)

- Work completion rate:

- **2 out of 4** user stories fully completed
- Total number of est. ideal work hours needed: 86
- Total number of est. ideal work hours completed: 80
- Total number of days: 14 days (business days M-S) for two weeks count
- 0.1586 user stories/day completed
- 5.7 work hours/per day
